

WAREHOUSING & DISTRIBUTION

The South West's leading independent warehousing and distribution company, providing world-class solutions since 1918.

wtl.uk

YOUR END-TO-END SUPPLY CHAIN SOLUTION

With innovation and technology at the forefront, Willmotts Transport is one of the leading independent warehousing and distribution companies in the South West, based just outside of Shepton Mallet, near Bristol, England. We provide logistics solutions for a wide range of companies and products, including many retail and food and drinks industries, all backed up by over a century of experience.

Our ethos is to ensure the customer receives the very best service throughout their logistics journey with Willmotts. To achieve this, technology and innovation remain at the forefront of our business practices.

With continued investment in the latest management systems, we have the ability to offer cost-effective and business practical solutions for a wide range of industries.

OUR HISTORY

Willmotts Transport Ltd was founded in 1918 by George Willmott at the end of the First World War, with its base in Wells, Somerset. Willmotts Transport's first fleet started with an ex RAF Leyland, changing in 1936 to AEC vehicles. Originally the core work was moving cheese, paper, and drink, and servicing the local agricultural industry. Much of the work we fulfil today originated from the agricultural heartland of the South West and our expertise has developed in line with the growing service and compliance requirements of this market sector.

WILLMOTTS TRANSPORT FORMS PART OF THE STOTTS GROUP OF COMPANIES

Willmotts Transport supplies storage and distribution services to a variety of companies from small business to blue chip companies locally, nationally and internationally specialising in Fast Moving Consumer Goods markets. Accredited with British Retail Consortium and Soil Association Certifications to support the requirements of the food, drink and packaging industries, the company continues to invest to support its growing customer base.

S&B Transport Services are specialists in bulk aggregate movements and biomass energy supplies via walking floor trailers.

Parker Transport operate a premium range of vehicles which includes Moffett truck mounted forklifts and Uran trailers plus warehousing and network distribution.

WAREHOUSING

WAREHOUSING & STORAGE SERVICES IN SOMERSET

Willmotts Transport Ltd in Somerset provide first-class warehousing and storage services in the South West of [England](#), with over 450,000 sq ft of warehousing designed with the present and future needs of our clients in mind. Our purpose-built retail warehouse storage facilities in Shepton Mallet, Midsomer Norton, Frome and 5 other locations in Somerset cater for both palletized and non-palletized goods.

We can offer storage services and facilities based on flexible short term and long term contracts to suit customers' individual requirements. This includes a wide range of services including pick and pack, repalletization, rework into new case or pallet configurations and relabelling.

We are pleased to hold the British Retail Consortium accreditation, offering approved BRC Storage and Distribution in Somerset. We also hold the Soil Association Organic accreditation, showing our commitment to providing the very best service for all customers.

LOGISTICS

DISTRIBUTION

Willmotts Transport, Somerset based haulage and transport operates a large fleet.

As a business run on family values, our entire Shepton Mallet logistics team shares the same enthusiasm and passion for doing a good job and giving our clients a service that ensures consignments reach their destinations promptly. Our quality of service is second to none.

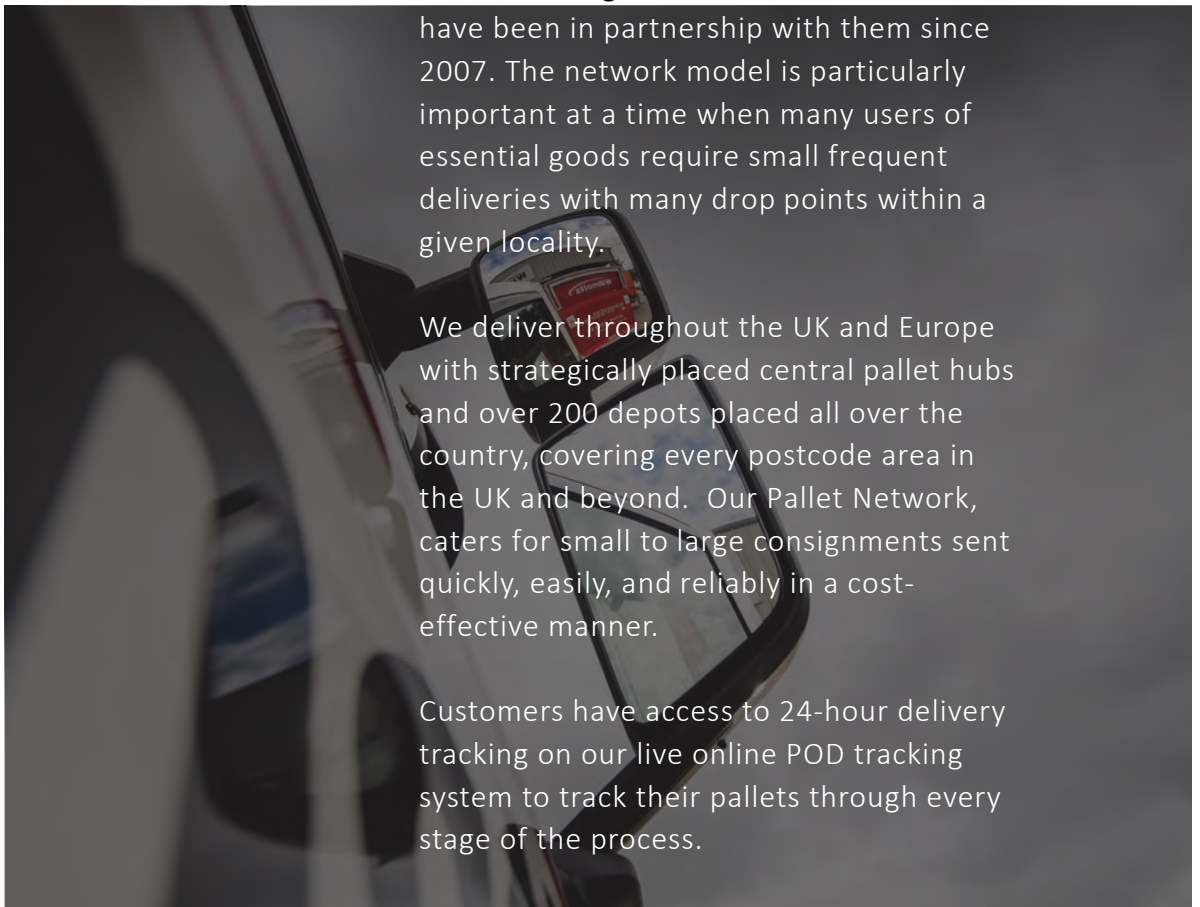

PALLET NETWORK

Pallet networks are one of the most efficient forms of freight distribution, enabling overnight deliveries of consignments of any size from a single pallet upwards, anywhere in the UK. We are a founding member of Palletforce and have been in partnership with them since 2007. The network model is particularly important at a time when many users of essential goods require small frequent deliveries with many drop points within a given locality.

We deliver throughout the UK and Europe with strategically placed central pallet hubs and over 200 depots placed all over the country, covering every postcode area in the UK and beyond. Our Pallet Network, caters for small to large consignments sent quickly, easily, and reliably in a cost-effective manner.

Customers have access to 24-hour delivery tracking on our live online POD tracking system to track their pallets through every stage of the process.
